Overview

Due to the downturn related to real estate, I switched careers to find a new track and started again. I have been engaged in the design industry for five years, and I want to transform into an all-round talent who can complete project planning. I advocate the spirit of blockchain and I am willing to contribute to the joint construction of the Web3 world.

Web 2 experience

- 2017-2022 Shanghai MBDI as a designer

Web 3 experience

- 2018 Listen to podcast CX BTC and buy at LocoBitcoins

- 2019 ETH last generation miner

- 2021 Tradingview Pine Quantitative Self-taught Trading

- 2022 OddOwl Club Community Mod

- 2022 Degen Toonz / Maine Labs / Soulda Community Volunteer Designer

- 2022 HOOL.BTC Founder Web 3 related design and creation

- 2023 Aloha Club CO Founder An open and inclusive activity aggregation platform

- 2023 Rocket Alpha NFT Community OG / Ordinals Bitcoin NFT Community OG

- 2023 Bitcoin Punk Community Volunteer Designer

Hold NFT

- Etherscan: Degen Toonz / Cheers up / WonderPal / Mimic / Soulda ...

- Ordinals: Bitcoin Punk

Skill

- Passionate about the Web3 field, familiar with the basics of Web3, including blockchain fundamentals, basic logic of various cryptocurrencies, such as NFT/GameFi/DeFi/DAO, etc., familiar with public chain ecosystems such as BSC and ETH.

- Knowledgeable in Web3 ecosystem and blockchain technology, familiar with Web3 protocols and standards, such as IPFS, ENS, ERC20, and ERC721.

- Familiar with various top platforms and products in the Web3 field, such as Binance, Opensea, Blur, etc. With 5 years of experience in cryptocurrency investment and 2 years of experience in NFT trading.

- Skilled in community BP formatting and UI design, proficient in design software such as PS/AI/ID/Figma/Sketchup/Blender.

- Possess strong collaboration and communication skills, able to work with development teams and other related departments.

- Demonstrates a self-learning ability, persistently keeping up with industry news and trends from platforms such as Twitter/Discord/YouTube, understanding industry changes and potential future development directions, and maintaining sensitivity to product technology trends in various blockchain fields.
